Dear Mr. Dockery:

We recently had a request for information on the status of the above-referenced evaluation report. Although its re-examination date has passed, the report remains valid for the code editions cited in the report. We have the report under "further study" while we review proposed changes. ICC-ES has no official position, at this time, as to whether the products referenced in the report comply with more recent code editions.

If you have any questions, you may reach me by telephone at (800) 423-6587, extension 5593, or by e-mail at bberneche@icc-es.org.

Respectfully,
